

THE BARN OWL

Reflecting the "Parkitecture" style (inspired by structures of the Great Smoky Mountains National Park), the Barn Owl, a MossCreek design, offers gracious living at its finest. Full amenities on the main floor include a clever, efficient kitchen lay-out open to the living area plus laundry and a splendid master suite. Second floor bedrooms, storage and a beautiful loft overlook are a few steps up the tower. Wrap around porches and decks effectively double the living space when weather permits.

**3 Bedrooms • 2.5 Baths • Distinctive Stair Tower • Second Floor with Loft,
Natural Element™ Components • Wrap Around Porches • 2,445 Total Square Footage**
